FRONTEND DEVELOPER & DIGITAL DESIGNER

## PROFILE

Frontend Developer and Digital Designer with a degree in Advertising and Public Relations. I combine design, visual communication and development to create clear, useful and considered digital experiences.

## TECHNICAL TOOLKIT

### Frontend

HTML5, CSS3, JavaScript, jQuery, PHP and Bootstrap.

### Design

Figma, Photoshop, Illustrator and Web Design.

### Tools

MySQL, Node.js, Express, Angular, SCSS, TypeScript and AI-assisted tools.

## LANGUAGES

English - B2

French - basic level

## INTERESTS

Acrylic painting, design, visual culture, technology and continuous learning.

## PROFESSIONAL EXPERIENCE

### FRONTEND DEVELOPER & DIGITAL DESIGNER

2021 - Present

Develop and maintain responsive websites and digital applications. Design interfaces, visual assets and brand-led solutions, contributing from the initial idea through to final implementation.

### DESIGNER, WEBMASTER & COMMUNITY MANAGER

2017 - 2020 | Restaurante Club Mediterraneo

Designed and managed the digital presence, visual communication and content for the brand and online channels.

### WEBMASTER & COMMUNITY MANAGER

2017 | Student Rental Malaga

Managed the website and digital communication.

### DESIGNER, WEBMASTER & COMMUNITY MANAGER

2016 - 2017 | Grupo Casanis

Designed, maintained websites and managed community communications for Casanis, La Plage and Cafe Flore.

### FOUNDER / MANAGER, WEBMASTER & COMMUNITY MANAGER

2013 - 2016 | DressCool

Managed the project, website and digital communication.

## FEATURED PROJECT

### Full Stack Developer Bootcamp final project

A social network for artists focused on networking and product sales. MySQL database, Express and Node.js backend, Angular frontend and SCSS implementation.

## APPROACH

I believe the best digital experiences happen when design brings clarity and code answers a concrete need. I work with structure, attention to detail and a holistic view of each project.
